SPRING - SUMMER 2022

S/S 2022

SPRING/SUMMER COLLECTION 2022

We are over the moon about our spring/summer 2022 collection, as it has been designed to capture the hearts of those that seek joy, warmth and softness. The new Cinderella designs show life through a serene filter, creating a calming energy, allowing you to take it easy and focus on the good.

Our 'Jacky' is the new kid in town; a stylish striped design that gives your kids' room a crisp and energetic feel - available in various children's and adult sizes. Create a Scandinavian atmosphere with minimalist designs such as the 'Tangle', for a look that feels good, sophisticated and peaceful. Nature lovers can indulge themselves with our beloved floral designs for which we have used the most beautiful colours, a true work of art from which you can draw inspiration every day.

In the end it all comes down to transforming your house into a home you love. Because when you love what you have, you have everything you need. Enjoy these lovely days of spring.
